**ACS**  
Chemistry for Life®

**Dear esteemed members,**

Did you make it to San Francisco for the National Meeting? I had a great time with my students and loved running into some of you there. I may be a bit partial, but I think that the **Southwestern College Student Affiliate Chapter** knocked their presentation straight out of the park! Whether it was their first time or their twentieth time, I congratulate all our local scholars and industry professionals who presented at a National Meeting. I would also like to recognize my colleagues **Jim Shih, David Wallace, Surya De, and Jackie Trischman**, for helping to run our Local Section booth at the National Meeting.

Election season has officially started! If you have been debating whether to take the plunge, there is no better time than now. Joining the San Diego ACS leadership is a great way to expand your professional network, make a difference in our community, and possibly make some new friends along the way. The Local Section thrives on diverse voices and viewpoints to ensure that it provides value to our members through high-quality social, professional, and academic opportunities. We also value diverse voices to serve as chemistry ambassadors to various communities within the general public. To declare your candidacy, all you need to be is a current dues-paying member of the ACS.

Did you know that even if you are a student affiliate member, you too can have a vote at the table? Students may serve as members-at-large. As a member-at-large, you would be able to give a voice to your corner of the wider chemistry community and ensure that the Local Section is managed as an inclusive organization. Your next Chair (pending member ratification) once upon a time started her ACS journey as a student affiliate member, then was elected as a member-at-large, and now will serve as the new face of our great chemically-minded community. Please see our infographic in this month's issue of *The San Diego Chemist* or read our [by-laws](#) for details about what each open position entails.

---

Our main event for the month is the upcoming **Annual Picnic**, which will be held on September 23 at noon at San Dieguito Park, Picnic Area 1. I am excited to see so many members register for a day of good food, fun, and a family-friendly atmosphere. As of this writing, 115 people have signed up. Attendees will be treated to one of San Diego's best taquerias, Chuchy's Tacos. We will also hold a Dessert Contest. We will award some nice prizes for the top three entries. If you have not registered yet, the clock is ticking! Registrations will close by Friday, September 15. [Click here](#) while there is still time to get a spot for you and your family. This event is free for ACS members and their immediate families.

I wish our students, no matter where they are in their chemistry journey, a great year filled with learning and discovery. If you are not in school, I wish you and your loved ones a happy and prosperous month of September.

With gratitude,

**Juan Gonzalez**

### Highlights from Reports and Key Actions

- Chief Executive Officer Albert Horvath honored the memory of our newly-appointed Editor-in-Chief of C&EN, Mohammed Yahia, who passed away on the way to the San Francisco meeting. Our thoughts go out to his wife Ola and their two young children.
- Horvath also shared ACS's efforts to engage more members while recruiting and retaining talented staff as we continue to adapt to the post-pandemic workplace. He shared an update on the ACS Strategic Initiatives and the Society's continued strong financial performance.
- On the recommendation of the Council Policy Committee, Council approved the Petition to Amend the Council Executive Function. This amendment codifies the current practice in the Standing Rules, removing the oral reporting requirement for non-elected Society Committees. CPC welcomes oral reports from all Society Committees including those without action before Council.
- CPC voted to discontinue the Councilor Travel Expense Program, effective December 31, 2023, and replace it with the Councilor Attendance Incentive Allotment, effective January 1, 2024. This new approach will provide a single payment of \$2,000 per Councilor, per meeting, directly to Local Sections and Divisions that opt in to the program.
- CPC also voted to move oversight for the Non-Councilor Reimbursement Program to the Committee on Committees with the recommendation that it be renamed the "Volunteer Committee Reimbursement Program."
- On the recommendation of the Committee on Committees, and with the concurrence of the Council Policy Committee, Council approved the Petition to Amend the Duties of the Committee on International Activities (IAC), providing the committee with the same authority permitted to its unit counterparts to assist International Chemical Sciences Chapters with issues arising from officer turnover and other administrative difficulties.
- On the recommendation of the Committee on Nominations and Elections, and with the concurrence of the Council Policy Committee, Council approved the Petition to Add International Representation to the Board of Directors, decreasing the total number of

## Councilor Talking Points and Summary of Governance Issues and Actions

Directors-at-Large from six to five and creating an International District Director. Following approval by the Board of Directors, the amendment to the ACS Constitution will require the support of two-thirds (2/3) majority of voting members.

- On the recommendation of the Committee on International Activities, Council approved the creation of the Singapore International Chemical Sciences Chapter.
- The Committee on Constitution and Bylaws (C&B) reported the certification of bylaws for six Local Sections in 2023: Cornell, East Tennessee, Idaho, Puerto Rico, Tennessee-Virginia Highlands, and Wooster.

### Council Special Discussion

ACS President Judith Giordan introduced and led a special discussion on "ACS Council: Equitable Governance for the Future." She sought Councilor input on ideas to improve representation, broadly defined, on Council and across ACS governance.

Three specific prompts were posed to Councilors for their input and suggestions:

1. Ideally, for ACS Council to equitably represent all members we would...
2. The key areas where we need to ensure greater equity and inclusion in Council are...
3. I wish ACS Council would/could... ..to engender greater equity and inclusion.

Councilors provided their ideas and thoughts, and relevant Society units will receive this input within the next several weeks. Please share further input with [secretary@acs.org](mailto:secretary@acs.org).

### Resolutions

The Council passed several resolutions:

- In memory of deceased Past President Ned D. Heindel
- In memory of deceased Past President Paul H.L. Walter
- In memory of deceased Councilors
  - In appreciation of the California and Silicon Valley Sections, host Sections for the fall 2023 ACS meeting, the Divisional program chairs, symposium organizers, and ACS staff for the planning and execution of the meeting
- In appreciation of the outgoing Chair of Council, Judith C. Giordan

The fall 2023 meeting was held from August 13-17. As of August 16, there were 15,019 registrations (13,363 in-person and 1,656 online).

### Actions of the Board of Directors - Executive Session

The ACS Board of Directors met in Executive Session on August 11-12, 2023, in San Francisco, California, considered several key strategic issues, and responded with numerous actions. They opened the session with a reflection on Diversity, Equity, Inclusion, and Respect (DEIR).

## Councilor Talking Points and Summary of Governance Issues and Actions

### Chief Executive Officer's Report

Chief Executive Officer Albert Horvath reported on issues relating to ACS strategic activities; enterprise risk management (ERM); environmental, social, and governance (ESG); an Orlando 2028 meeting update; and ACS's web presence.

### Board Committees and Working Groups

The Board of Directors received and discussed reports from the Governing Board for Publishing, the Board Committee on Professional and Member Relations, the Society Committee on Publications, the Committee on Budget & Finance, the Committee on Committees, the Board Working Group on Structure and Representation, and the Council Policy Committee Future Council Representation Task Force. Some of these committees requested and obtained Board action on one or more items, as follows:

- Upon recommendation of the Society Committee on Publications, the Board voted to approve the reappointment of six ACS journal editors. The reappointments will be announced once the individuals have been notified and appropriate arrangements for their continued service have been made.
- Upon recommendation of the Editor Search Committees, the Board voted to approve the appointment of three ACS Journal editors. The appointments will also be announced once the individuals have been notified and appropriate arrangements for their continued service have been made.
- Upon recommendation of the Committee on Professional and Member Relations, the Board approved the ACS Prism Award to recognize a public figure or prominent leader in their field who has a background in chemistry but is working in a different field or is not a practicing chemist.
- Upon recommendation of the Committee on Professional and Member Relations, the Board approved an ACS nominee for the 2024 Perkin Medal, an award given annually by the Society of Chemical Industry to a scientist residing in the United States for an "innovation in applied chemistry resulting in outstanding commercial development."
- The Board Working Group on Structure and Representation provided an update on their efforts to add an International District Director to the Board of Directors in the form of the Petition to Add International Representation on the Board of Directors. The Board unanimously supported the petition, which would amend the ACS Constitution and Standing Rules.

### Other Society Business

There were two additional discussions; one focused on raising items of strategic concern from members of the Board, and the second was dedicated to sharing feedback so Board members can hear from ACS members, elevating their voices to all Board members.

Finally, the Board adopted a resolution in memory of ACS Past President Ned D. Heindel.
